VARIATION & HANDCRAFTED CHARACTERISTICS

Shape, texture, color, and size variation are inherent characteristics of handcrafted tile. Once properly installed, the beauty of this handcrafted tile is enhanced by such variation.

INSPECTION & INSTALLATION

Always inspect your tiles before they are installed, as installation constitutes an irrevocable acceptance of the product. Any questions as to acceptability must be resolved prior to installation. We recommend that our tiles be laid out prior to installation to allow for blending of color range by an experienced crafts person. Because the purchase of Red Rock Tileworks for your home or commercial project represents a significant investment, proper installation is critical. To help ensure a successful installation please follow the guidelines provided by the Tile Council of America.

COLOR & ADDITIONAL TILE SELECTIONS

For color selections, trim, field, and decorative trims and moldings please reference our Prelude Collection Catalog and Color Selection Sheet.
